SARVATAH
EDUCATION FOR EVERYONE

ABOUT US

Sarvatah is a leading IT training institute dedicated to empowering students and professionals with industry-relevant skills. We specialize in high-demand courses like UI/UX Design, Data Science, and Data Analytics, designed to bridge the gap between academic learning and real-world industry requirements.

Our focus is on practical learning, real-time projects, and career-oriented training. With expert mentors and a structured curriculum, we help students build strong portfolios and gain the confidence needed to succeed in today's competitive digital world.

At Sarvatah, we don't just teach — we prepare you for a successful career.

WHY CHOOSE US

Industry-Focused Training

Learn skills that companies actually demand

Hands-on Live Projects

Gain real-world experience during training

Expert Mentors

Learn from professionals with industry experience

Portfolio Development

Build a job-ready portfolio

Placement Assistance

Support with interviews and job opportunities

Updated Tools & Technologies

Latest industry-standard tools

Career-Oriented Approach

From learning to earning, we guide you

Affordable & Flexible Plans

Designed for students and working professionals

**Choose Sarvatah and take the first step towards a
successful IT career.**

SARVATAH
EDUCATION FOR EVERYONE

CURRICULUM

Data Science 2026

Module 1: Python Programming

- Python Basics & OOP
- NumPy & Pandas
- File Handling & Automation
- Exception Handling

Module 2: Statistics & Mathematics

- Descriptive & Inferential Statistics
- Probability Distributions
- Hypothesis Testing
- Bayesian Statistics

Module 3: Machine Learning

- Supervised Learning Algorithms
- Unsupervised Clustering
- Feature Engineering
- Model Evaluation & Tuning

Module 4: Deep Learning

- Neural Network Architecture
- CNN for Image Processing
- RNN & LSTM for Time Series
- Transfer Learning

SARVATAH
EDUCATION FOR EVERYONE

CURRICULUM

Data Science 2026

Module 5: NLP

- Text Preprocessing
- Sentiment Analysis
- Named Entity Recognition
- Transformers & BERT

Module 6: Data Visualization

- Matplotlib & Seaborn
- Plotly & Dash
- Tableau Fundamentals
- Business Dashboard Design

Module 7: Big Data & Cloud

- Apache Spark
- AWS S3 & SageMaker
- GCP BigQuery
- Data Pipelines & ETL

Module 8: Capstone & Placement

- Industry Capstone Projects
- GitHub Portfolio
- Resume Building
- Interview Preparation
